6) The Deputy Commissioner suggests that maximum prices should be fixed for Ragi in the Hassan District at 11 seers per rupee at Manjarabad and 12 seers in all other taluks. The wholesale rate of Rs.50/- per cartload fixed in the Bangalore and Tumkur districts allows of a retail rate of 12 seers per rupee. It has been possible to fix this price in Bangalore and Tumkur as it is estimated that the local supply available in the Districts will permit of the sale of Ragi at the price fixed.

7) If the Deputy Commissioner considers that the local supply in the Hassan District is sufficient for the needs of the District until the next harvest, his recommendations in regard to the fixing of retail prices may be approved and orders issued accordingly. It may however be pointed out that it will be impossible to sell ragi at 12 seers a rupee if it has to be imported from either Tumkur or Bangalore. According to the recent statistics of food grains

The stock of ragi per head of the population appears to be the same in Hassan and Tumkur i.e., .45 pallas although it is much higher in Bangalore i.e., .83 pallas. I beg to state that the recommendations of the Deputy Commissioner may be given effect to if he is satisfied that the stock in the district is ex sufficient for local requirements and that the price is sufficiently high to induce reasonable ryots to produce their stock.

Sir,

With reference to Government Notification fixing the price of ragi at 12 seers per rupee in the Bangalore and Tumkur Districts, I have the honor to request that you will be so good as to obtain Government-sanction in the case of the Hassan Dis--trict as well fixing the rate of ragi at 11 seers per rupee at Manjarabad and 12 seers in the other Taluks.

The price of ragi has gone very high selling at 9 seers and 8 seers per rupee at Hassan and Alur respectively. This is due to the profiteering tendency of merchants which has assumed abnormal proportion and some remedy is urgently called for to prevent serious breach of the peace,

Early orders of Government fixing the rates as noted above may kindly be obtained and intimated to me.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

C.Venkata Rao, Esq, B.A.,

Deputy Commissioner, Hassan District.

To

C.S.Balasundaram Iyer, Esq, B.A.,

Chief Secretary to the Government of H.H. the Maharajah

of Mysore, Bangalore.

Sir,

I have the honour to bring to the kind notice of Government that the supply of rice is reported to be very limited in the -- Shandies of this District, for the past some weeks as a result o of several causes, such as the scare due to the spread of Influ -enza, the withholding of the stock by the ryots and the merchants with a view to profiteering etc,. Although Hassan is not a District where paddy is grown on a large scale yet there is at present some stock with a few ryots and traders. It is absolutely necessary in this season of drought and to see that the shandies in the District from which many poor people depend for their supply of rice are -- supplied with the stock which is available in the locality.

2. Unless the maximum of price of paddy is fixed by Government in accordance with Clause (b) of Rule 2, 3 b of the Rules under the Defence of India Act, further action to secure the commodity under Clause 3 cannot be taken.

3. I would therefore request you to be so good as to obtain the orders of Government for fixing the price of paddy at R. 14 per candy of 190 Seers.

I have the honour to be,
Sir,
Your most obedient servant.

Deputy Commissioner,
